# *Sustainability in Healthcare*

## *Seminar*

Hosted By:

**Children's University Hospital**  
**Temple Street**  
**Dublin 1**

**29<sup>th</sup> September 2011**

**09.00am – 13.00pm**

**Registration 08.30 - 09.00**

## What's it about?

Sustainability in Healthcare is half day event hosted by Children's University Hospital, Temple Street. The event is targeted at those who wish to drive sustainability as a strategic goal for their healthcare facility. The key topics examined on the day will include:

- Water Conservation
- Waste Management
- Energy Efficiency
- Sustainable Transport
- Environmental Legislation and Accreditation
- Green Public Procurement/Financing Green Initiatives
- Educating and empowering staff

The aim of the event is to promote best practices in achieving sustainability in healthcare and discuss the potential to replicate these initiatives. Low and no cost soft measures as well as some hard measures which require capital investment will be presented by a host of speakers from across the healthcare sector. The healthcare sector provides its own unique challenges and we believe by sharing experiences hospitals can help one another overcome these challenges.

## Who should attend?

The seminar will examine a diverse range of issues relating to sustainability in healthcare and therefore may be of interest to an array of attendees including those working in:

- Technical Services
- Environmental Management
- General Services
- Finance
- Procurement
- Human Resources
- Project Management
- Allied Services
- Energy Management
- Facilities Management

## About the Speakers:

### **Chair: Mr. Derek Mowlds**

Derek is Chair of the Chartered Institution of Building Services Engineers (CIBSE) in Ireland and Vice Chair of the Irish Green Building Council. He is currently a Senior Project Manager on the development of the new National Paediatric Hospital.

### **HSE Representative (TBC)**

### **Mr. James Blake**

James is an Administrative Officer with the Department of the Environment, Community and Local Government where his main role is the preparation of Ireland's first National Action Plan on Green Public Procurement.

### **Mr. Alan Ryan**

Alan is Programme Manager for the Public Sector at the Sustainable Energy Authority of Ireland.

### **Ms. Mairead Creedon**

Mairead is a consultant on the Environmental Protection Agency (EPA) sponsored Green Healthcare Programme. Mairead works with the Clean Technology Centre, Cork Institute of Technology.

### **Mr. Pdraig Ryan**

Padraig has been driving a culture of sustainability at Children's University Hospital over the last number of years. The hospital was the 2011 recipient of the Green Healthcare Award.

### **Mr. Karl Dalton**

Karl is Environmental Manager at Connolly Hospital Blanchardstown. He has instigated significant environmental changes at the hospital, particularly in waste management.

### **Mr. Dara Carroll**

Dara is Environmental and Arts Manager with the Mater Campus Hospital Development Project. He has overseen the development to date with a special input on the BREEAM accreditation process.
