

BENCHMARK for hospital waste – Hospitals participating in EPA's Green Healthcare Programme in 2010

Notes:

- PCCC: Primary Community Continuing Care facilities.
- C&AG: Comptroller and Auditor General. C&AG produced benchmark data using 2002 data.
- Risk waste – includes all clinical risk waste sent for sterilisation and incineration.
- Non-risk waste – includes general or landfill waste, segregated food waste and segregated recyclables.
